2 [WAI] Un desarrollador de contenidos de páginas Web debería satisfacer este punto de verificación. De otra forma, uno o más grupos encontrarán dificultades en el acceso a la información del documento. Satisfaciendo este punto de verificación eliminará importantes barreras de acceso a los documentos Web.

2.2a Asegúrese de que los colores de fondo y primer plano en imágenes tengan suficiente contraste para que sean percibidas por personas con deficiencias de percepción de color o en pantallas en blanco y negro.
